Learn how you can build healthy communities at preventchildabuse.org/buildingtogether2023
- Each day is an opportunity to build the foundation for our future. We all have a role to play as healthy partners in our communities.

- Building healthy communities takes work. We all have a role in ensuring children have positive experiences, and families have the resources they need, when they need them.

- You can’t build strong communities on faulty foundations. Everyone benefits when we focus on addressing underlying causes that lead to health and social inequities.

- Sometimes, building for the future means deconstructing the past. Proactively addressing inequity and injustice allows us to support safe, stable, and nurturing environments.

- Policies and programs that put families first build all of us up during uncertain, stressful times. Working in partnership can allow us to relieve some of the overload experienced by parents and caregivers.

- Positive childhood experiences build healthy families and strong communities.
